Gym plan (3-day)

Trainer routine: **26 exercises**, **3 sets × 15 reps**.

Weight rule: last few reps should be hard with clean form. Easy 15 → bump the load. Can't hit 12–15 clean → drop it. Controlled movement beats heavy weight.

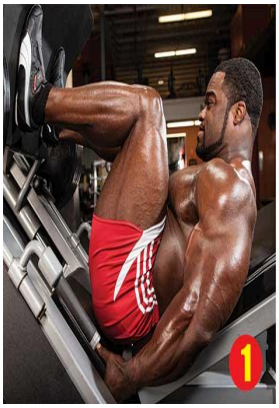

Day 1 — Legs + shoulders

1. Leg press — 3 × 15

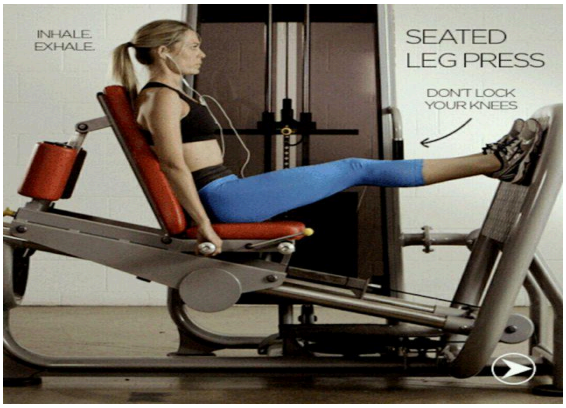

How to do:

- Sit with back and head against the pad.
- Feet about shoulder-width apart.
- Lower until knees are comfortably bent.
- Push through the whole foot to return.
- Don't lock the knees at the top.

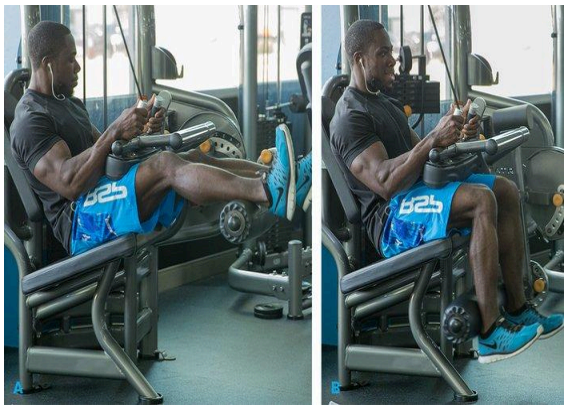

Focus: quads, glutes, hamstrings.
Avoid: knees collapsing inward.

2. Leg curl — 3 × 15

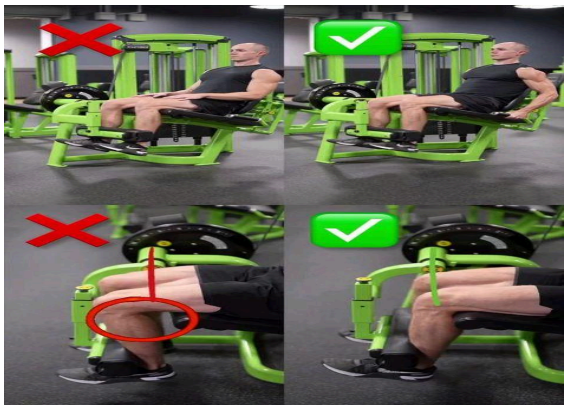

- Keep hips against the seat.
- Curl heels toward the body.
- Squeeze the hamstrings.

- Return slowly.

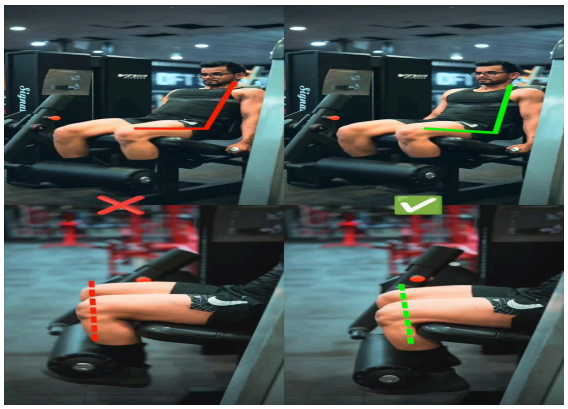

Focus: hamstrings.
Avoid: swinging the weight.

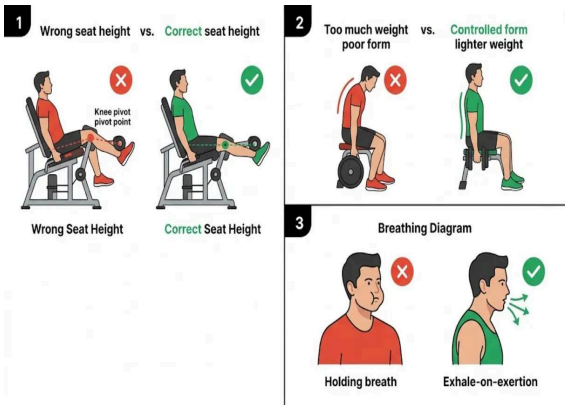

3. Leg extension — 3 × 15

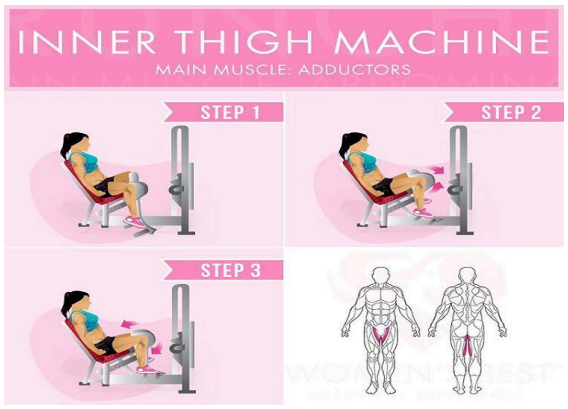

- Sit firmly against the backrest.
- Ankles behind the pad.
- Extend until almost straight.
- Squeeze the quads, then lower slowly.

Focus: quads.
Avoid: throwing the weight up.

4. Inner thigh — 3 × 15

- Sit with legs against the pads.
- Bring legs together under control.
- Pause briefly, then return slowly.

Focus: inner thighs / adductors.

5. Outer thigh — 3 × 15

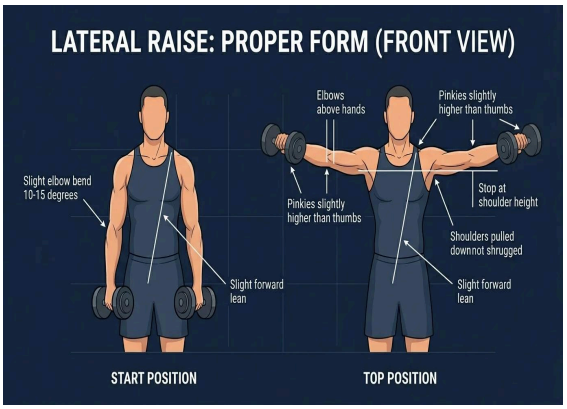

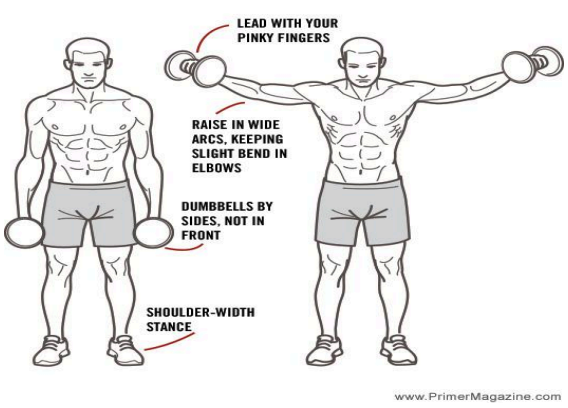

- Sit upright.
- Push knees outward.
- Pause and squeeze, then return slowly.

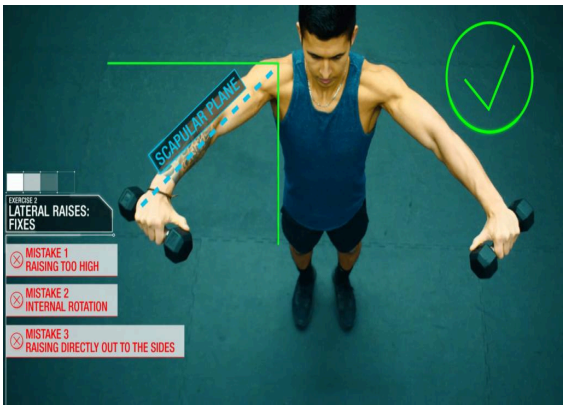

Focus: glutes and outer hip.

6. Side raise — 3 × 15

- Stand tall with dumbbells at your sides.
- Raise arms sideways to about shoulder height.
- Lower slowly.

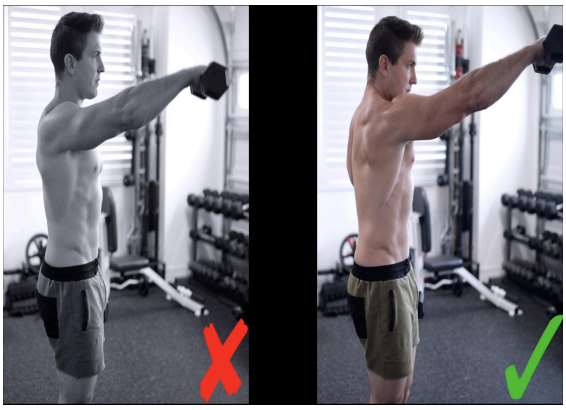

Focus: side delts.
Avoid: swinging the dumbbells.

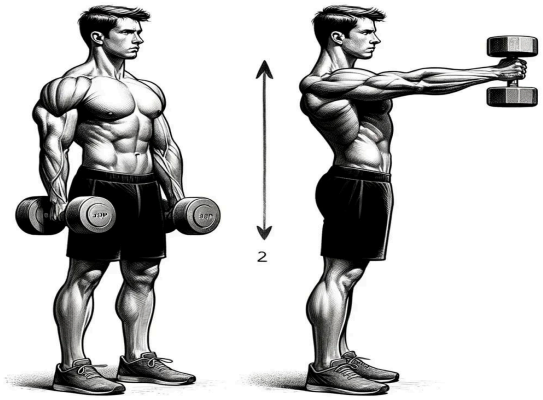

7. Front raise — 3 × 15

- Hold dumbbells in front of the thighs.
- Raise one or both arms forward to about shoulder height.
- Lower slowly.

Focus: front delts.
Avoid: leaning backward.

8. Front shoulder press — 3 × 15

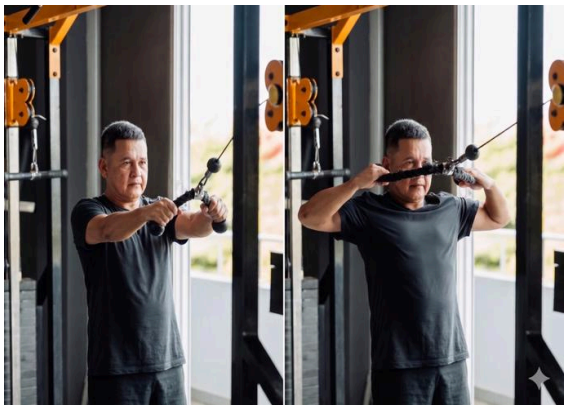

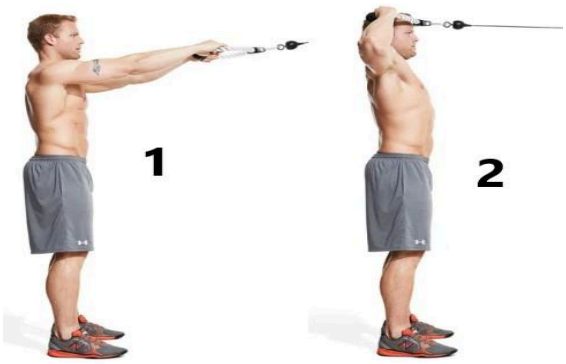

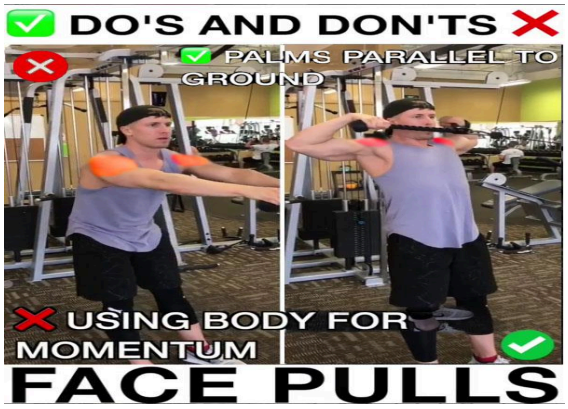

- Seat so handles start near shoulder level.
- Press up without slamming the elbows locked.
- Lower under control.

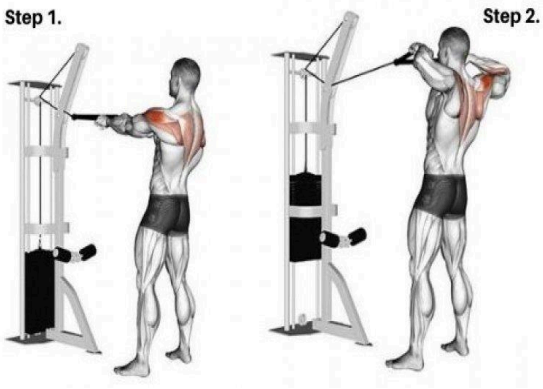

Focus: shoulders / triceps.

9. Face pull — 3 × 15

- Cable around face height.
- Pull the rope toward the face with elbows high.
- Hands finish near the sides of the face.
- Return slowly.

Focus: rear delts, upper back.
Tip: think "pull apart," not "pull to chest."

10. Shrugs — 3 × 15

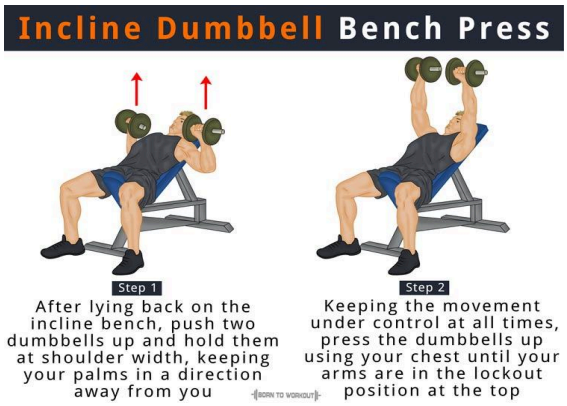

- Weights beside the body.
- Raise shoulders straight up, pause, lower slowly.

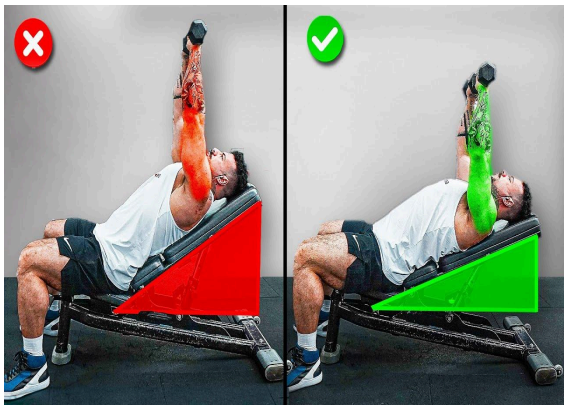

Focus: traps.
Avoid: rolling the shoulders in circles.

Day 2 — Chest + triceps

1. Incline DB press — 3 × 15

- Moderate incline.
- Start near upper chest.
- Press up and slightly in, lower under control.

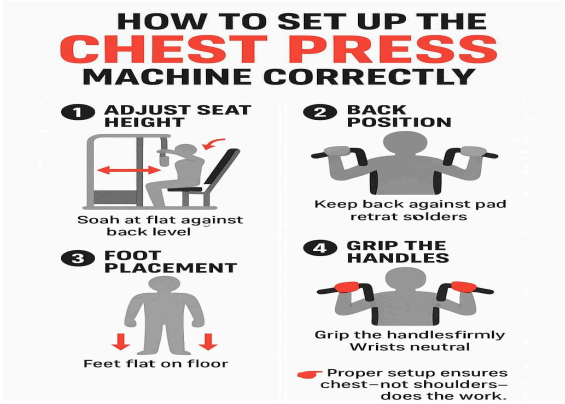

Focus: upper chest.

2. Chest press — 3 × 15

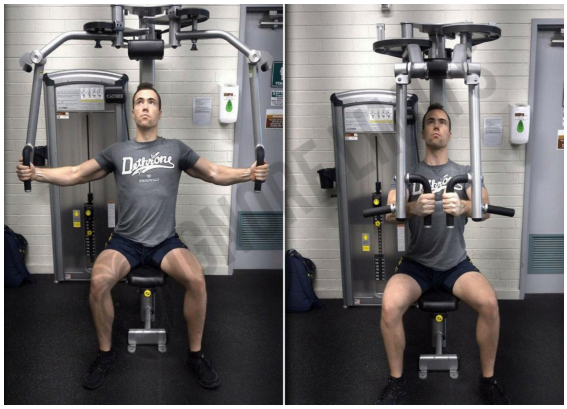

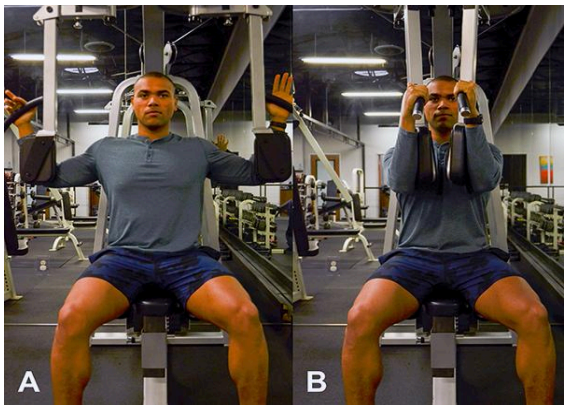

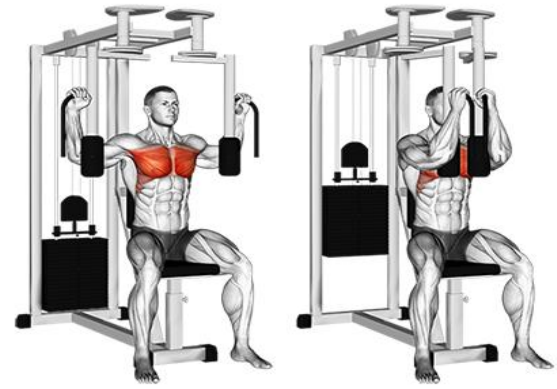

- Handles roughly mid-chest.
- Push forward without letting shoulders roll forward.
- Return slowly.

Focus: chest, triceps.

3. Machine fly — 3 × 15

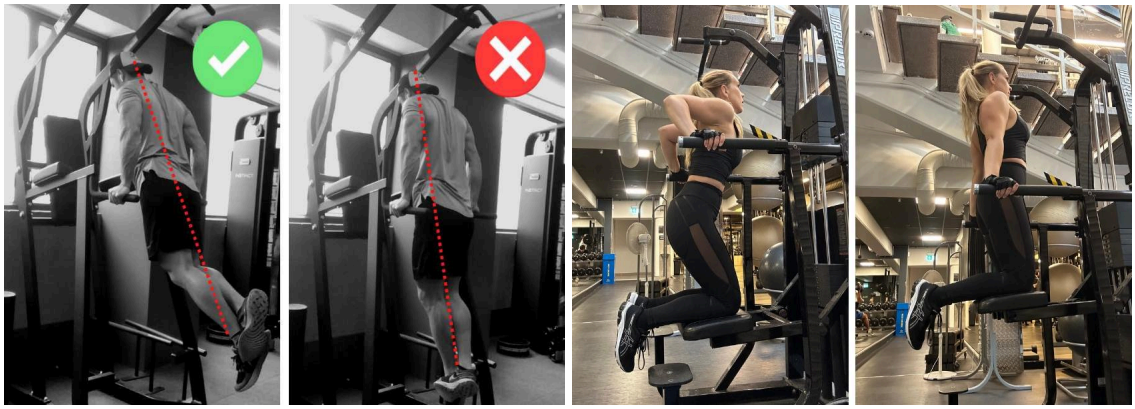

- Back against the pad.
- Bring handles together, squeeze the chest.
- Open slowly.

Focus: chest.
Avoid: overstretching or using momentum.

4. Chest dips (P' dips) — 3 × 15

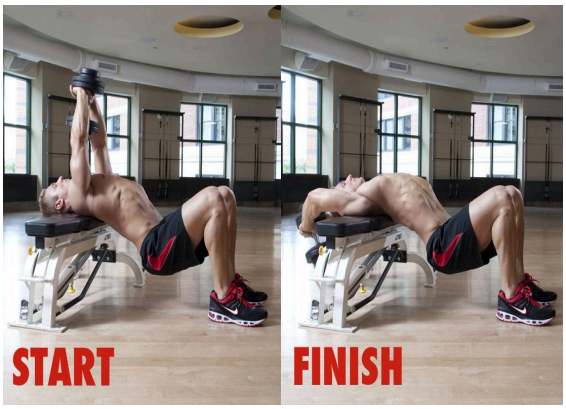

- Lean slightly forward.
- Lower under control, push back up.
- Keep shoulders stable.

Focus: lower chest + triceps.

5. Pull-over — 3 × 15

STEP 1

STEP 2

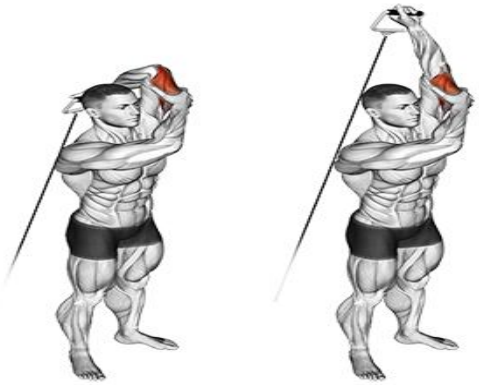

- Lie on a bench, one dumbbell above the chest.
- Move it slowly behind the head, then pull back over the chest.

Focus: chest + lats.
Avoid: going deeper than your shoulders allow.

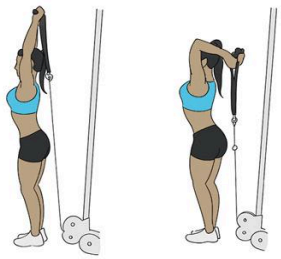

6. Overhead extension — 3 × 15

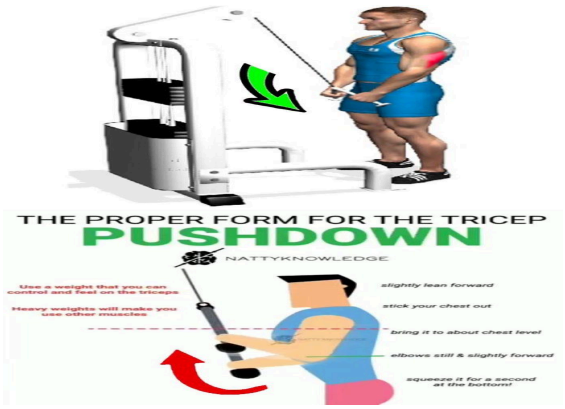

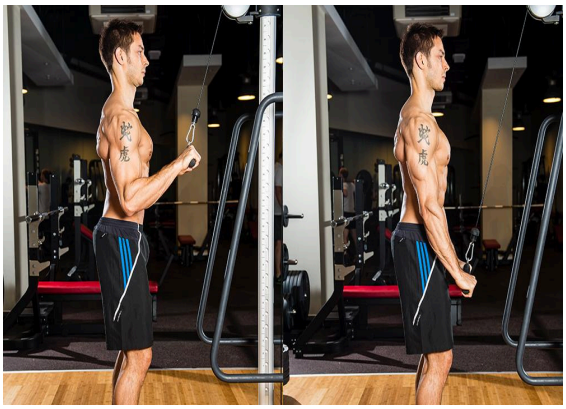

- Elbows pointed forward.
- Extend, squeeze triceps, return slowly.

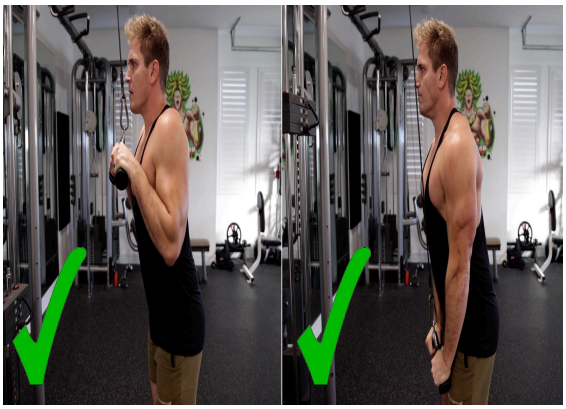

Focus: triceps (long head).

7. Push-down — 3 × 15

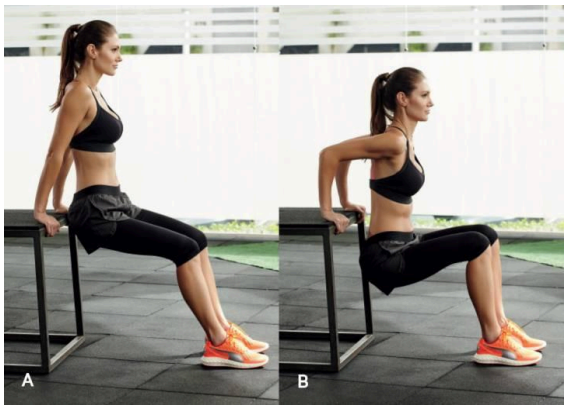

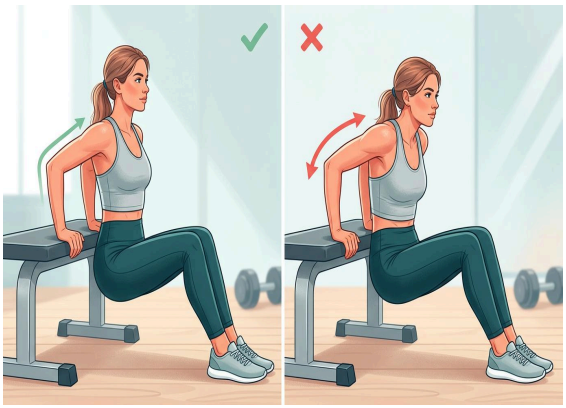

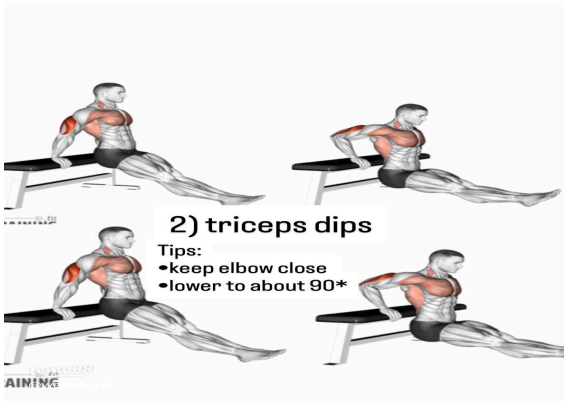

- Elbows close to the body.
- Push down, fully contract, return slowly.

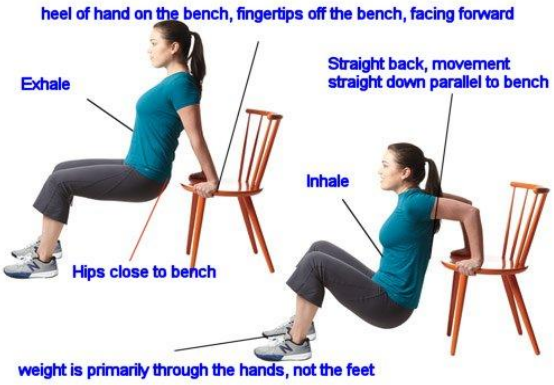

Avoid: elbows drifting forward and back.

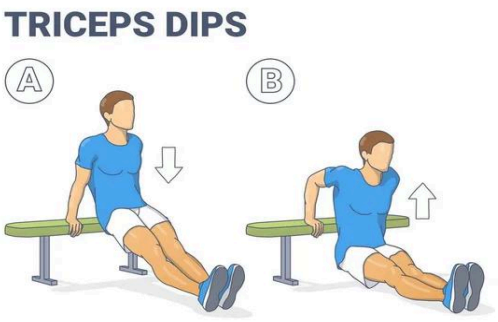

8. Triceps dips — 3 × 15

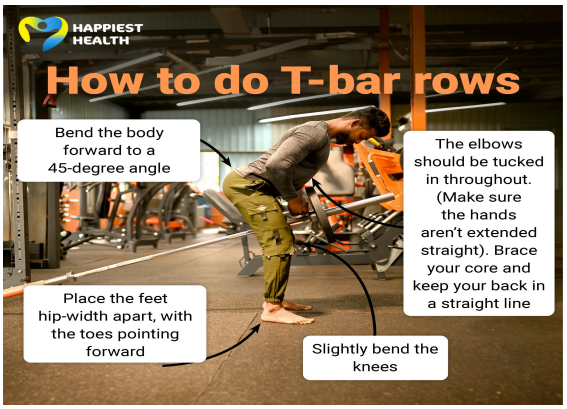

- Torso relatively upright.
- Bend elbows to lower, push through the palms.
- Don't drop excessively deep.

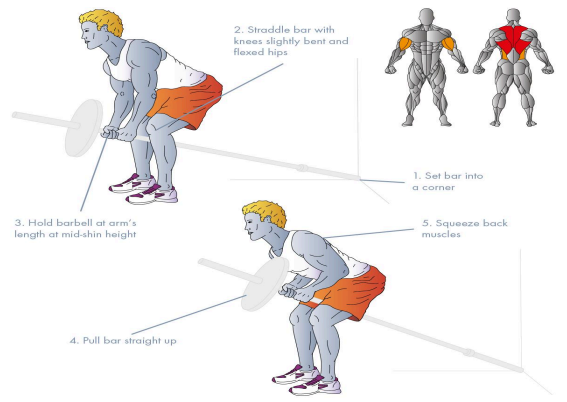

Focus: triceps.

Day 3 — Back + biceps

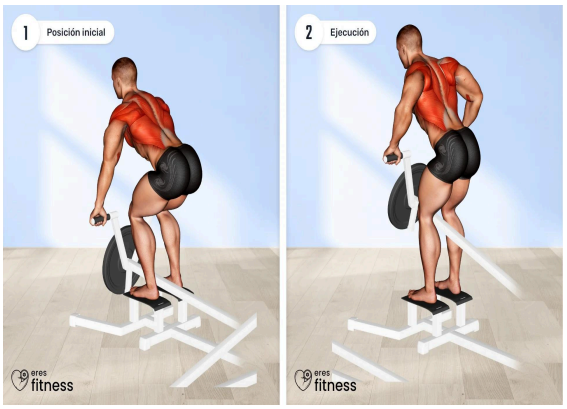

1. T-bar row — 3 × 15

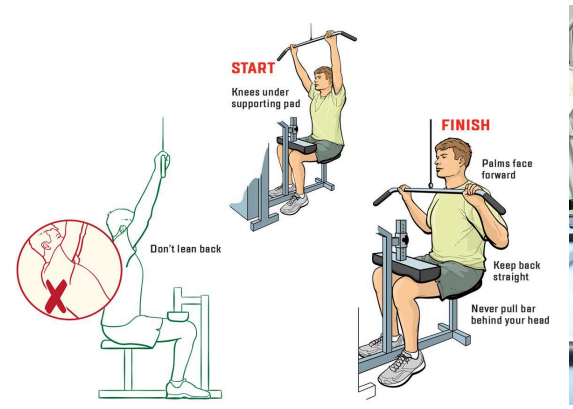

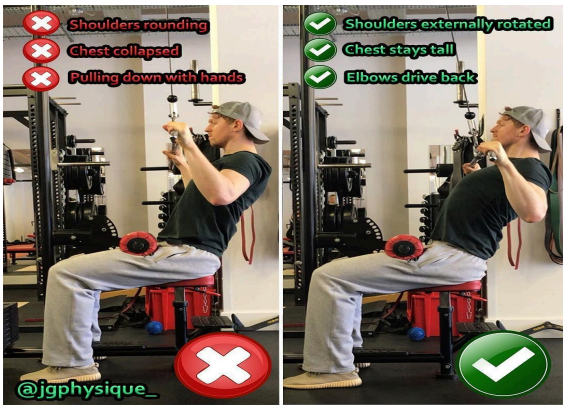

- Neutral spine, hinge from the hips.
- Pull toward lower chest / upper abs.
- Squeeze the back, lower slowly.

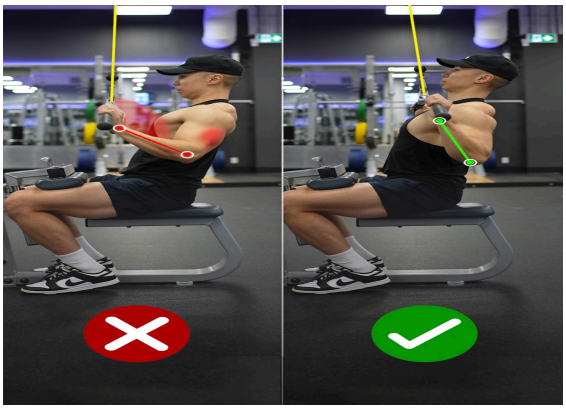

Focus: mid-back, lats.

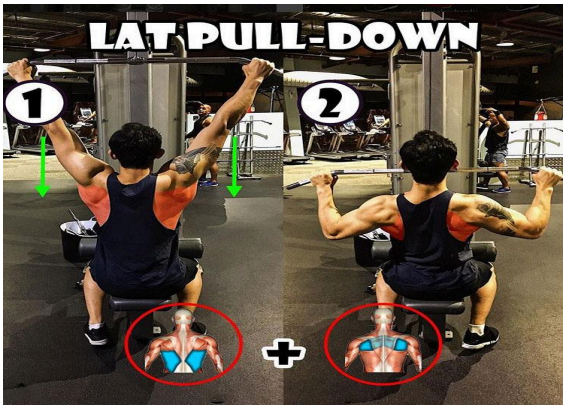

2. Front lat pulldown — 3 × 15

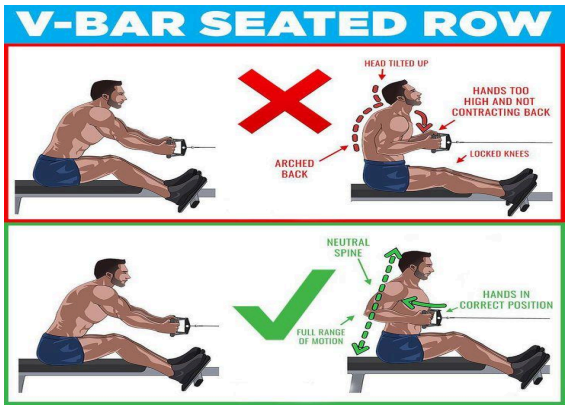

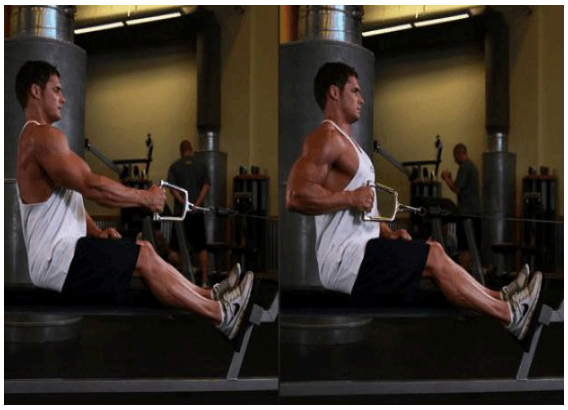

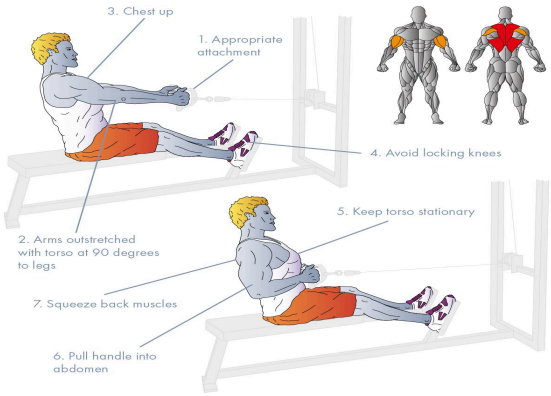

- Grip slightly wider than shoulders.
- Pull to upper chest with chest up.
- Release slowly.

Focus: lats.
Avoid: pulling behind the neck.

3. V-bar row — 3 × 15

- Sit upright, knees slightly bent.
- Pull V-handle to the abdomen.
- Squeeze shoulder blades, return slowly.

Focus: mid-back / lats.

4. Single-arm low row — 3 × 15

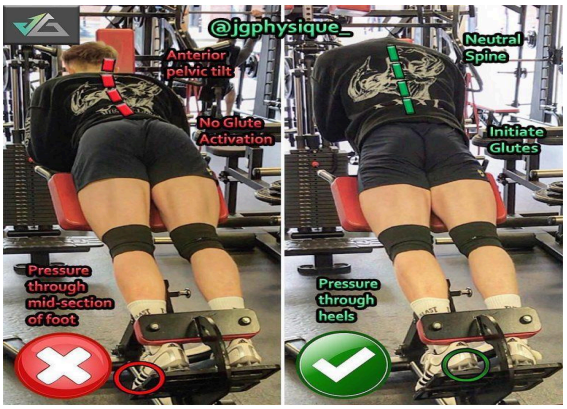

- Torso stable.
- Pull one arm toward the hip without rotating the whole body.
- Return slowly.

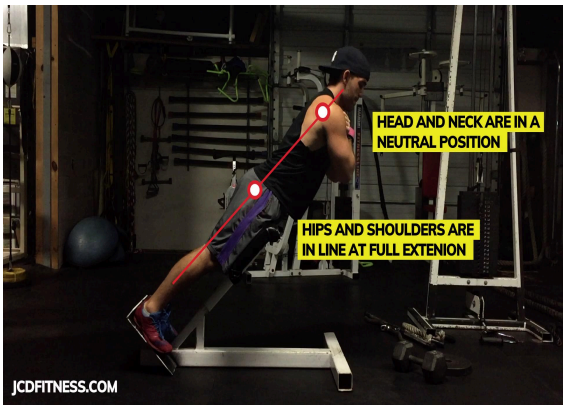

Focus: lats + mid-back.

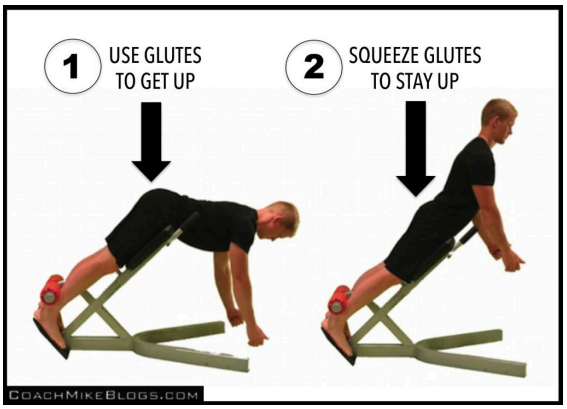

5. Hyperextension — 3 × 15

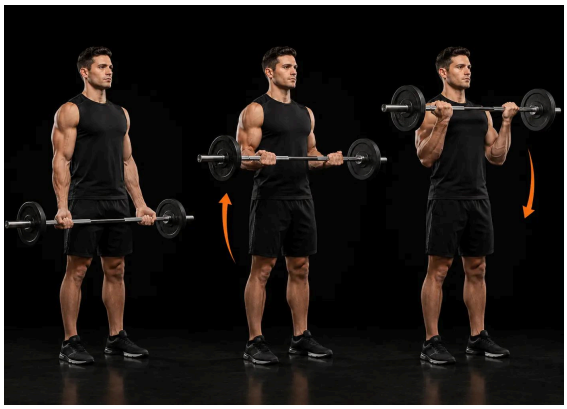

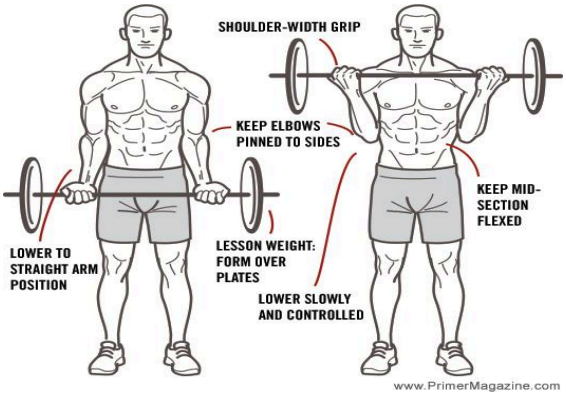

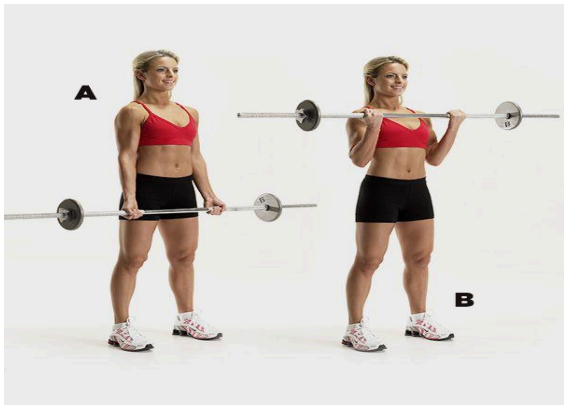

- Hips secure on the pad, spine neutral.
- Lower the torso, then raise until roughly straight.

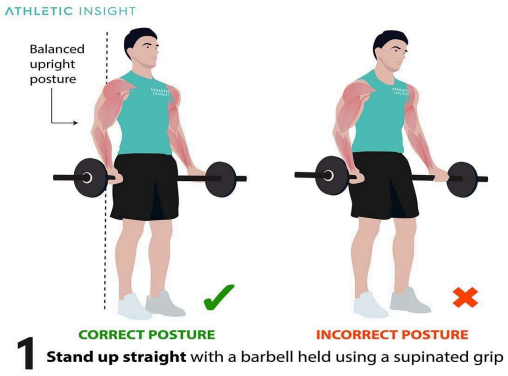

Focus: lower back, glutes, hamstrings.
Avoid: excessive backward bend.

6. Barbell curl — 3 × 15

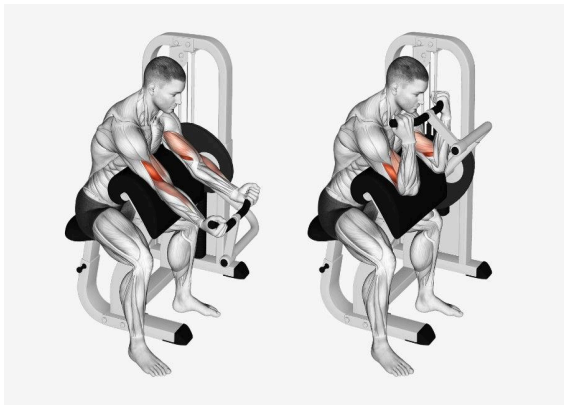

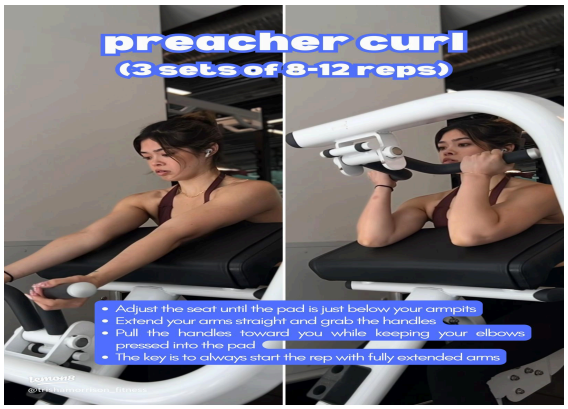

- Elbows near the sides.
- Curl up, squeeze, lower slowly.

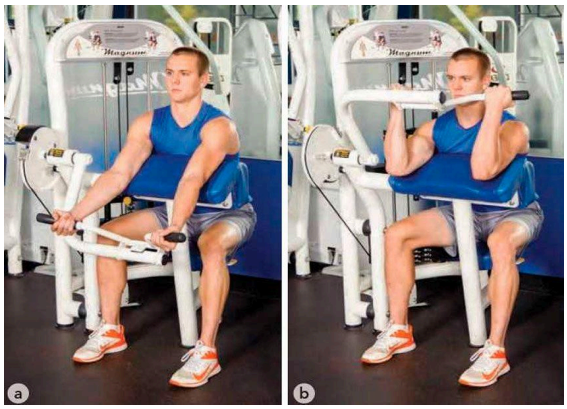

Avoid: swinging the body.

7. Preacher curl — 3 × 15

- Upper arms firm on the pad.
- Curl up, squeeze, lower under control.

Focus: biceps.
Avoid: slamming into full elbow lockout.

8. Hammer curl — 3 × 15

- Palms facing each other.
- Curl up with elbows close, lower slowly.

Focus: biceps + brachialis / forearms.
